Overview

The Cornerstone Learning Single Sign-on for ADP Workforce Now® Next Generation integration is a one-way authentication that allows users to access Cornerstone from ADP Workforce Now Next Generation without having to enter another set of credentials.

Considerations

1. The integration is only available to customers whose Cornerstone porta reside in the LAX or US data center..
2. The integration does NOT support deep link and mobile.
3. The integration uses the user's ADP® generated Associate OID (AOID) to authenticate a user in Cornerstone. This AOID must exist in Cornerstone as the user's User ID or Username.
4. The single sign-on integration is bundled with the Cornerstone Learning Connector for ADP Workforce Now Next Generation app in ADP Marketplace. Subscribing to the Cornerstone Learning Connector for ADP Workforce Now Next Generation automatically subscribes your organization to the Cornerstone Learning Single Sign-on for ADP Workforce Now Next Generation. However, you will need to set-up these two integrations separately in Cornerstone.

Please consult with your Account Manager should you need a custom solution to meet your business requirements.

Prerequisites

1. Cornerstone product
2. ADP Workforce Now Next Generation account
3. Users must exist in both systems
4. Subscription to the Cornerstone Learning Connector for ADP Workforce Now Next Generation app in ADP Marketplace
5. The administrator setting up the integration must have the permissions noted under Appendix A: Security Permissions.

Install & Setup Instructions

It is strongly recommended to test the integration in either your Cornerstone Pilot or Stage environment before setting it up in Production. Testing the SSO in Pilot or Stage will log users in from your ADP Workforce Now Next Generation production environment to either your Cornerstone Pilot or Stage portal.

After you complete your testing in Pilot or Stage, **DISABLE** the integration in your Cornerstone Pilot or Stage environment before enabling the integration in the production environment. **Failure to do this may cause issue with the integration.**

You must have a subscription to the Cornerstone Learning Connector for ADP Workforce Now Next Generation app in ADP Marketplace before you can proceed with the setup below.

Setup Steps in ADP

1. Log in to your ADP Workforce Now Next Generation portal.
2. Click on **Configure homepage**.
3. Click **+ Add New Tile** or edit an existing tile by clicking Edit under the Action column.
4. Under the **Content** section, add the appropriate Cornerstone URL below.
 - Stage: <https://adpgateway-stg.csod.com/singleSignOn.aspx?oid=206>
 - Pilot: <https://adpgateway-pilot.csod.com/singleSignOn.aspx?oid=5>
 - Production: <https://adpgateway.csod.com/singleSignOn.aspx?oid=6>

You may set up the tile as either a Rich Text or Links. If the latter, add the URL under the **External Link** tab.

5. Under the **Visibility** section, select the appropriate security profiles. The link will be visible to these users which will allow them to access Cornerstone via SSO.
6. Configure the tile as desired, activate the tile, then save the page.

Setup Steps in Cornerstone

1. Log in to your Cornerstone portal.
2. Navigate to the Edge Marketplace (Admin Tools > Edge > Marketplace).
3. Search for **Cornerstone Learning Single Sign-on for ADP Workforce Now Next Generation** then click on the integration tile.
4. Click on **Install**.
5. Review the terms and conditions then select the checkbox for **I have read, understand, and agree to the above terms and conditions**. Click on **Install**.
6. Click on **Configure Now**. You will be directed to the **Settings** page.
7. Configure the integration on the Settings page.
 - **Subscription Token:** This is the subscription token that was provided via email after purchasing the Cornerstone Learning Connector for ADP Workforce Now Next Generation app in ADP Marketplace. This field is required to save the page.
 - **Notification Email:** An email notification is sent if an issue comes up during setup (e.g., when the ADP Consent Form is not provided). The email will be delivered to the specified email address(es). If entering multiple email addresses, separate each with a comma (,). The field is required to save the page.
 - **Organization OID (OOID):** This is your organization's unique ID in ADP. You do NOT need to enter any value in this field. The field will be auto populated upon saving of the Settings page.
8. Click **Save Settings** which will then take you to the **Manage Integrations** page.
9. Search for **Cornerstone Learning Single Sign-on for ADP Workforce Now Next Generation** and verify that the toggle switch has been automatically enabled.

Integration Workflow

This is a one-way SSO integration from ADP Workforce Now Next Generation to Cornerstone.

Step 1: Log into your ADP Workforce Now Next Generation portal

Step 2: Click on the Cornerstone SSO link on the homepage.

Step 3: You will be directed to your Cornerstone portal without having to enter your Cornerstone credentials.
